

The 2003 SIDCUP 30 TRIAL

27th April 2003

Permit number C27732

Canada Heights, Button Street, Swanley, Kent

Note in the Programme

Welcome to Canada Heights for the second running of our new Sidcup 30 trial.

A change of date from October to April has not brought a big increase in entry, however it's "quality not quantity" that we were always after in this event. The atmosphere at last year's 30 was great, with minders, cheers and applause throughout the day.

Always a Club to try something new, there is prize money on offer this year - £75 for first place in the Experts 'white route', £50 for second and £25 for third. That should spice things up a bit for both riders and observers!

If spectators are inspired by what they see, this programme will be useful! You may like to visit the Stevens Trials Shop for a bike and riding gear, then get expert tuition from the Feet on Peg' Trials school. Next, three of our forthcoming trials - the Beginners and Wobblers, the Simmons Cup and Sidcup Sixty in January and you are all set for next year's Sidcup 30 – well, maybe not until the year after!

The idea of a tough trial was Clerk of the Course, Reg Playfoot, who just happens to live locally and drives a JCB. So when the Club Committee expressed doubts about providing tough sections for experts, Reg simply said "leave that to me!"

If you had glanced towards Canada Heights from the M25 on many summer evenings last year, you would have seen a yellow machine digging and building sections for this event. Many thanks, Reg.

Have a good day, riders and spectators, and please stay until the end to applaud the deserving winners.

Peter Burrell, President, Sidcup & District M.C.C
