

# The 2005 SIDCUP 30 TRIAL

15<sup>th</sup> May 2005

Permit number C33137

Canada Heights, Button Street, Swanley, Kent

## Note in the Programme

Welcome to Canada Heights for the fourth running of our Sidcup 30 trial. The Sidcup Club has for many years been running trials for all classes from raw beginners (Wobblers) to good Experts. We don't have the rocks of Yorkshire or the mountains of Scotland, but we do have ace JCB driver Reg Playfoot who has constructed challenging sections to test some of the country's best Trials riders.

We must be doing something right as the 2005 Sidcup 30 includes the first three Super Experts from all the previous years, namely:

**2002 Richard Ely, Andrew Blackman, Wayne Holdsworth**

**2003 Stephen Foord, Alexz Wigg, Adam Farley**

**2004 Alexz Wigg, Sam Haslem, Ashley Newbery**

A very warm welcome and thank you to the meeting sponsors, whose advertisements appear in this programme. Please support the companies that support the sport when you are shopping for bikes, parts and clothing.

The Sidcup 30 Trial is the start of a three-week run of Canada Heights events. May 22<sup>nd</sup> is a SE Championship Motocross and the following week is our annual Enduro. Now if we could squeeze in a Grass Track, we would have the full house....

Have a good day and please stay to the prize presentation at the end to applaud the deserving winners.

Peter Burrell, President, Sidcup & District M.C.C

.....and that was it for the short run of the Sidcup 30 Trial.

If the Committee minutes show the reason why there were no more Sidcup 30's, they will be added here in due course.

**With the imported rocks and the excavations done in recent years, maybe it's time for another run of Sidcup 30 trials! If you think it is, please send your comments to the Club Secretary.**
