	T. S. Finn		

Present day notes: G. A. T. Brett, the Palmer Cup winner, was Alex Brett, who became Sidcup's Trials Secretary after he returned from a Prison-of-War in Germany in 1945.

There are 33 Sidecars and 134 solos in the programme. The programme states that petrol is available at the start – Shell, National, and Cleveland – not Discol.

Oil available is Mobiloil D, Esso range, Castrol XL, XXL and R.

Machines may be washed down after the event. Apply at Pithers Garage. A charge of 2d will be made.

Full Results are on the following pages……

The Regulations stated that the Youngs Cup is awarded to the "Best Performance", and the Burlingham Cup is for the "Best Opposite". Sidecars started first and many sections were 'mud holes'. By the time the solos arrived, many were difficult or near impossible.

So the Best Performance was Bill Peacock and H.G. Hopkins on their Ariel sidecar. This is the only time the Youngs Cup has been awarded to a Sidecar team.

If anyone knows the working of the Brake Test, used to decide ties, please let the Club know! The Official Results stated fractions, not decimal points. Presumably seconds, but that's a guess.

Names and addresses of the passengers of sidecar award winners are written on the back of the Official Results for their awards to be posted. Other passengers are not mentioned anywhere!
