Present day comments: This event was Ray Hatch's one and only win of the Sidcup Sixty Trial.

Within the report in Compass:

- Harold Brown devoted much time to planning the actual sections and carried out his duties over the weekend, which were made more arduous by the rain and some practical jokers who shifted the route cards around at odd corners.
- The course was well picked and included many completely new sections which combined to give a great variety of riding surfaces.
- Harold Brown will be pleased to know that I have several reports from riders that the Sixty was the best trial they have ridden in this season.

The official Results are below. There is no programme in the Club's archives, so we cannot state riders' Clubs or the machines they were riding. Has anyone got a programme?

There were 30 solo non-starters and 2 sidecar non-starters. Their names are not in the results below.
